A WORLD WITHOUT MALARIA

Prevent spreading TB

Cover your mouth when coughing, ventilate in crowded places.

A WORLD WITHOUT MALARIA

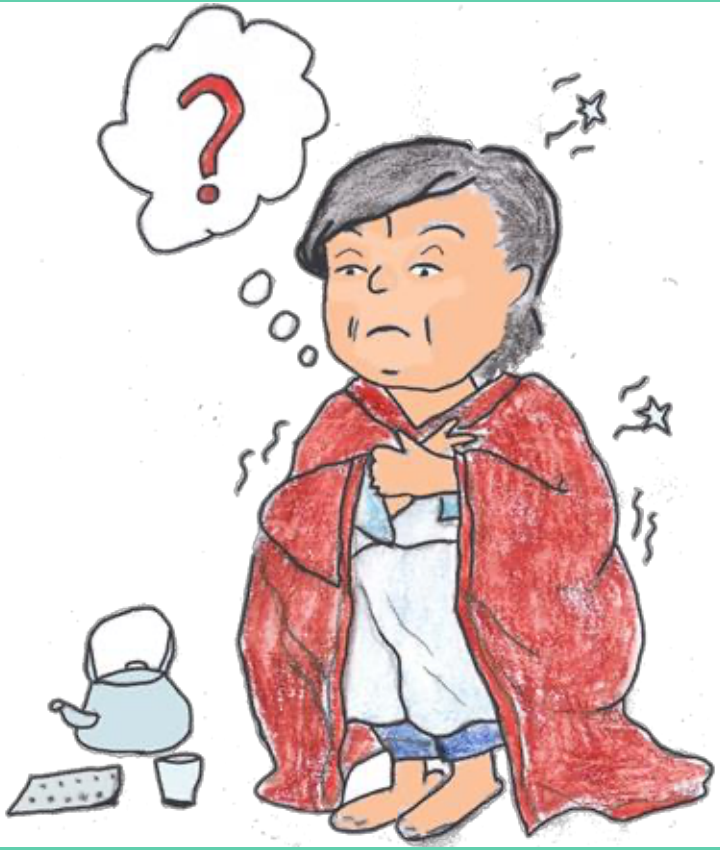

How is TB spread?

Cough without covering,
poor ventilation.

A WORLD WITHOUT MALARIA

Some people have side effects from the treatment.

Talk to your doctor/healthcare worker, they can help.

A WORLD WITHOUT MALARIA

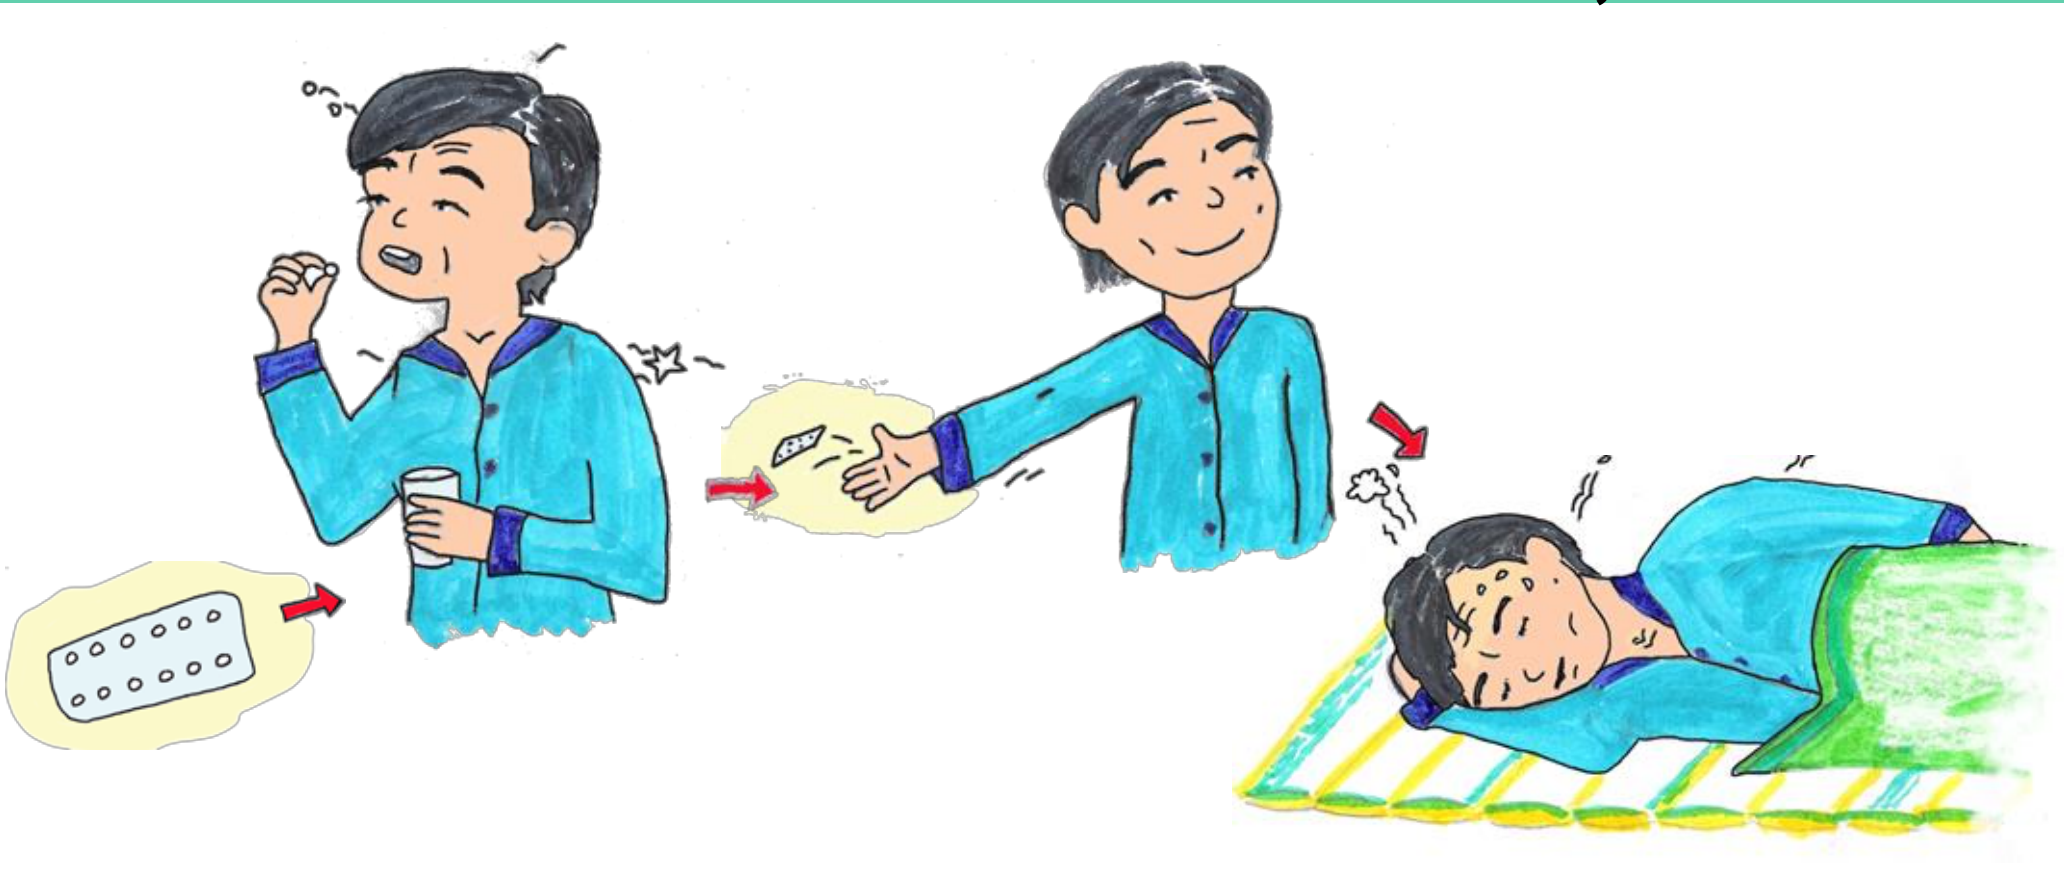

Warning signs of TB

Cough, chest pain, night sweats, weight loss.

A WORLD WITHOUT MALARIA

If you do not take the whole TB treatment,

you feel better for a short time, but the TB will return.

A WORLD WITHOUT MALARIA

TB can only be cured by the correct treatment.

Complete your TB treatment for the entire period.

A WORLD WITHOUT MALARIA

How do you test for TB?
Get a diagnosis at a health center.
